

CLIMATE INVESTMENT FUNDS

Managing the Impact of Wind Power Development on Birds and Bats
Zhihong Zhang
Coordinator for CTF and SREP

Climate Investment Funds

CIF

Clean Technology Fund (CTF): Finances demonstration, deployment, and transfer of low carbon technologies

Strategic Climate Fund (SCF):
Targeted programs to pilot new approaches and scale-up

Clean Technology Fund

CIF

- ❑ 16 investment plans endorsed: Chile, Colombia, **Egypt**, India, Indonesia, Kazakhstan, Mexico, Morocco, Nigeria Philippines, **South Africa**, Thailand, **Turkey**, Ukraine, Vietnam plus one regional program-Middle East and North Africa (Algeria, Egypt, Jordan, Morocco and Tunisia)
- ❑ \$4.35 billion allocated for the first 13 investment plans
- ❑ New contributions to finance new investment plans (Chile, India, and Nigeria)
- ❑ Funding approved: \$2.1 billion

Focus Areas

- Renewable energy technologies (solar, wind, geothermal, hydro)
- Energy efficiency
- Sustainable transport
- Financial intermediaries to leverage private sector investments in EE/RE

Scaling Up Renewable Energy Program in Low Income Countries (SREP)

CIF

Demonstrates the viability of RE technologies to create new economic opportunities and increase energy access

- ❑ 7 pilot countries: Ethiopia, Honduras, Kenya, Mali, Maldives, Nepal, and Tanzania
- ❑ 5 investment plans endorsed for \$210 million
- ❑ Funding approved for Kenya geothermal energy development project (\$25 million)
- ❑ Additional 4 countries and 1 regional program on the reserve list

Focus Areas

- Solar
- Wind
- Geothermal
- Mini-hydro
- Biogas
- Cook stoves

CIF-Funded Wind Energy Projects

CIF

Close to \$1 billion under CTF and SREP

- Egypt
- Ethiopia
- Mexico
- Morocco
- Philippines
- South Africa
- Thailand
- Turkey
- Ukraine
- Vietnam

- ❑ Understand the potential risks to birds and bats from wind power projects
- ❑ Identify strategic measures being taken or under consideration at the national and project levels
- ❑ Understand current levels of capacity and access to information for addressing the risks
- ❑ Capture examples of good practices in planning and implementing wind energy projects that avoid or minimize the impacts on birds and bats

A Collaborative Learning Exercise

CIF

- Governments
- Civil society
- Industry
- Financial institutions
- MDB partners
