**Response of IDB to Japan on the Approval by Mail: Mexico: Financing Low Carbon Strategies in Forest Landscapes (IDB)**

Dear Andrea,

On behalf of the Project's team, I would like to thank you Japan for the information provided on the technical cooperation project "Coastal Wetland Conservation in Yucatan Peninsula in the United Mexican States".

We will certainly take into consideration any relevant output of the technical cooperation during the implementation of the Project.

Regards,

Gloria Visconti, PhD  
Climate Change Lead Specialist  
Climate Change and Sustainability Division (INE/CCS)  
Infrastructure and Environment Sector
