**Comments from Germany on the Approval by Mail: Mozambique: Climate Change
Technical Assistance - Project ID XPCRMZ024A**

Dear colleagues,

Considering the fact that all the PPCR sub-committee members will be travelling to Washington in the coming days and participate in the CIF TCF meetings, we find it difficult to come to a sound judgment on the proposed projects within that period of time.

I would therefore like to suggest to postpone the approval deadline for the above named project as well as the "Mozambique: Climate Change Technical Assistance - Project ID XPCRMZ024A" until after the CIF TFC meetings (let's say 10 May).

Thank you very much,
kind regards
Ina von Frantzius
