**Comments from the UK—Approval by Mail: PPCR Tajikistan: Enhancing the  
Climate Resilience of the Energy Sector (EBRD)**

Dear colleagues

The UK is pleased to approve funding for this project. However we would like to see a greater degree of coordination, internally between EBRD offices and externally with other Government and donor initiatives. It will be important to focus on sustainability through the 'software' of strategies for financing and pricing to accompany the 'hardware' of renovations, and consideration of downstream and transboundary impacts.

Many thanks,

Anna
