8ᵗʰ PPCR Pilot Countries Meeting: Wrap Up

July 21, 2015

PPCR Pilot Country Meeting, Frascati, Italy

Takeaways – new countries

I. Lessons from 7 years' experience of 18 countries and two regional programs = a lot of information!
    - ❖ $1.5 million available to help you scope, prioritize
    - ❖ Coordination mechanism – crucial first step
    - ❖ Stakeholder engagement – who to involve and why?

CLIMATE INVESTMENT FUNDS
II. Questions around process – how to move forward?

❖ Scoping missions in coming months
- ✓ Reaffirm focal point
- ✓ Start conversation on coordination mechanism
- ✓ Initial needs assessment – identify gaps, work to precede Joint Mission
- ✓ Proposal for use of programming resources

III. Concern about lack of PPCR resources

- ❖ Challenge and an opportunity
- ❖ Look to existing development pipeline – where to sharpen resilience?
- ❖ Align with other processes, incl. GCF
- ❖ Build it and they will come → strong SPCR can attract funding

Takeaways – new countries

New peer network – they are your best asset!

Shared takeaways

I. Concern about MDB, PPCR processes, procedures
   - ❖ Candid conversation
   - ❖ What is in the remit of the PPCR?
   - ❖ Realism about transaction costs

CLIMATE INVESTMENT FUNDS

II. Stakeholder engagement
  ❖ building relationships, establishing clear objectives, shared understanding, periodic communication → essential to M&R

III. Private sector – interest to bring them on board, but how?

- ❖ Different time horizons and different "languages"
- ❖ Climate risks as a starting point for evaluating potential enabling policies
- ❖ Diversity of tools to ID potential investment opportunities
