CLIMATE INVESTMENT FUNDS
(Information Note Prepared by the Trustee)

Pledges

1. The total amount pledged by 12 countries to the CIF Trust Funds (Clean Technology Fund (CTF) and Strategic Climate Fund (SCF) was US\$ eq. 6.3 billion¹ as of September 26, 2008, as shown in Table 1. The current value of these pledges, based on exchange rates as of January 23, 2009, is US\$ eq. 5.7 billion, as shown in Table 2.
2. No payments from the Contributors have been made as of the date of this report. The CTF Trustee has entered into an Agreement with Spain to hold its payment of EUR 10 million to the CTF until all the steps required to implement the CTF are completed. The Trustee expects to receive this EUR 10 million payment from Spain shortly.

Steps needed to Implement the CTF and the SCF Trust Funds

3. Draft Contribution Agreements have been circulated to Contributors to the CIF for review. The Trustee has received comments from several Contributors. Once comments are received from all Contributors, they will be reviewed and incorporated, as appropriate, in the draft Agreements. Upon full agreement by all Contributors on the Standard Provisions of the Agreements, customized agreements will be prepared for each Contributor.
4. A draft Loan Agreement for Loan Contributors to the CTF is undergoing internal review at the World Bank; it will be circulated to the Loan Contributors to the CTF for comments shortly.
5. Draft Financial Procedures Agreements to be entered into between the World Bank, as Trustee, and each MDB for each of the CIF funds are currently under review internally at the World Bank. The draft CTF Financial Procedures Agreement and the draft SCF Financial Procedures Agreement will be provided to the MDBs for their review shortly. The Trustee will enter into the agreements with each MDB after at least one donor enters into a Contribution Agreement with the Trustee.
6. The Trustee has completed an internal preliminary analysis of the requirements for new systems and applications for managing the resources of the CIF Trust Funds. A more in-depth analysis will be completed before the meetings of the Trust Fund Committee in May 2009. The Trustee will work closely with the MDBs and the Administrative Unit to develop a sound system and infrastructure for managing and reporting on CIF resources.
7. The Trustee has designed a reporting framework for the resources of the CIF Trust Funds. The framework is being reviewed internally in the World Bank. The draft

framework will be circulated by May 2009 for comments to the Administrative Unit, Contributors, and the Trust Fund Committees.

CTF Funding Availability and Current Investment Plans

8. The CTF Trust Fund Committee will review its first investment plans and project proposals at its meeting in January 2009. Bearing in mind that funds have yet to be received, the following interim arrangement is proposed:

- a) the CTF Trust Fund Committee may approve financing on a contingent basis subject to availability of funds in the CTF;
- b) upon the contingent approval by the CTF Trust Fund Committee, MDBs may negotiate the CTF project, provided that the MDB conveys to the borrower that what is negotiated is subject to Contributors depositing sufficient funds in the Trust Fund;
- c) the MDB may seek project approval from its Board only after at least one Contribution Agreement is signed for an amount sufficient to cover the CTF project; and
- d) the MDB may sign the CTF project agreement only if funds are deposited in the Trust Fund to cover the CTF financing for project.

SCF Funding Availability

9. The Trustee is developing the arrangements and process for reporting of funding availability for each window under the SCF. The Trustee will be working closely with the Administrative Unit to ensure that the arrangements meet the needs of the SCF Trust Fund Committee.
