Ms. Bliss-Guest  
Program Manager  
Climate Investment Funds Administrative Unit  
Inter-American Development Bank

Dear Ms. Bliss-Guest,

The Government of Uruguay is interested in submitting an Investment Plan to the Clean Technology Fund. Having access to the CTF resources will assist Uruguay in leveraging public and private resources needed to achieve its goal of reducing the country's carbon footprint, and in particular its goal of providing 50% of its energy supply from renewable energy sources by 2015.

Yours sincerely,
