**Approval by mail] Dedicated Private Sector Programs (DPSP) I: Utility-Scale Geothermal – Colombia:
Financing and Risk Transfer Program for Geothermal- XCTFCO506A- (IDB) – Comment from Japan**

Dear colleague,

Kindly please find below comment from JICA (Japan International Cooperation Agency).

We would like to request to be shared us information in connection with the progress of the project, since JICA is also seeking an opportunity to support geothermal development in Colombia.

Moreover, JICA is expecting to exchange of opinions and ideas on geothermal development in Colombia.

Thank you for your kind attention.

Kind Regards,

Taro Kimura, MOF Japan
