

Approved at Joint TFC meeting March 16, 2010

**Proposal for considering a redefinition of role of Joint Trust Fund
Committee**

One Member raised the issue of the evolving role of the joint meeting of the CTF and SCF Trust Fund Committees in the overall CIF structure and decision-making process. It is suggested that the joint committees may wish to consider in the future defining a more strategic role for the joint committees that would lead to a more streamlined structure of decision making.
