Comments from US-Approval by mail: Cambodia: Flood-resilient Infrastructure Development in Pursat and Kampong Chhnang Towns as part of the Integrated Urban Environmental Management in the Tonle Sap Basin Project (ADB) PPCR

Dear Mafalda,

The United States is content to approve the above-mentioned project.

We do so with the understanding that the limited resettlement activities in the context of this project will be implemented according to the Asian Development Bank's Safeguards Policy Statement (SPS 2009), as the project document confirms and as we have confirmed separately with staff. There should be no deviation from this policy.

Thank you,

Katie Berg
U.S. Treasury Department
