Comments received from the United Kingdom-- CTF Nigeria: Line of Credit for Renewable Energy and Energy Efficiency Projects (AfDB)

Dear Patricia,

The UK is happy to approve this project and would like to thank the project team for answering our questions. We would like to propose to the project team, too, that they make contact with the Nigeria Infrastructure Advisory Facility, to ensure that they are joined up with its work which we believe to be complementary to this project. We would be happy to provide relevant contact details.

Kind regards

Simon
