Comments from United Kingdom on Approval by Mail: Colombia Technological Transformation Program for Bogota's Integrated Public Transport System (IDB)

Patricia / Zhihong - Please note that we are still not in a position to approve this project and we are seeking further views internally. It is unlikely that we will have a formal response until early next week now. Please can I ask for the deadline for approval to be extended further.

Claudio - I'm happy to have a further word with you about this if you want to give me a ring.

Kind regards

Sam Balch
