**Comments from the United Kingdom on Approval by Mail: Impact Assessment of  
Clean Technology Fund in Renewable Energy and Energy Efficiency Market in  
Turkey (EBRD, IBRD, IFC)**

Dear Patricia,

The UK is very happy to approve this assessment. We think it will be a very useful piece of work that will inform the on-going work of the CIFs as a whole. We would be happy to see more of these types of assessments in future and suggest that other countries consider similar exercises.

Kind regards,

Simon
