

PPCR- Kyrgyz Republic Joint Scoping Mission October 19 – 23, 2015

Dear PPCR Sub-Committee Members and observers,

This is to notify you that the joint MDB scoping mission to initiate the development of the Strategic Program for Climate Resilience in the Kyrgyz Republic is scheduled to take place from **October 19 – 23, 2015**.

The main objectives of this mission are to:

1. Discuss with the Kyrgyz authorities and other stakeholders the process for SPCR development, specifically its context, objectives, expected results, procedures, stakeholder engagement and implementation modalities, to ensure a sound understanding and a common vision of the Programme;
2. Identify information gaps and the additional studies for the preparation of the SPCR;
3. Review synergies between the PPCR and related investments of MDBs and development partners and discuss linkages between PPCR and other climate finance initiatives and development objectives;
4. Discuss and confirm the broad implementation arrangements for preparing the SPCR, including procedures for accessing and using the preparatory grant resources as well as Government and MDBs roles and responsibilities; and
5. Identify and agree with the authorities on an indicative timetable for the preparation activities of the SPCR development as well as the institutional arrangements necessary for the preparation of the SPCR.

The Terms of Reference for this mission will be circulated as soon as they have been cleared for release by the Kyrgyz authorities, in line with their standard procedures.

Sincerely,

CIF Administrative Unit
